# Mission – Combat Airlift & Support

## C-130H and J Tactical Airlift Aeromed Combat Service Support

- 9 C-130 Wings
- 72 C-130 H2/H3
- 10 C-130J
- 10 WC-130J
- Continuous Combat Presence ISO Operation ENDURING FREEDOM
- Rotating support for Operation CORONET OAK
- Multiple Exercises: Most recent was support to Maple Flag in June

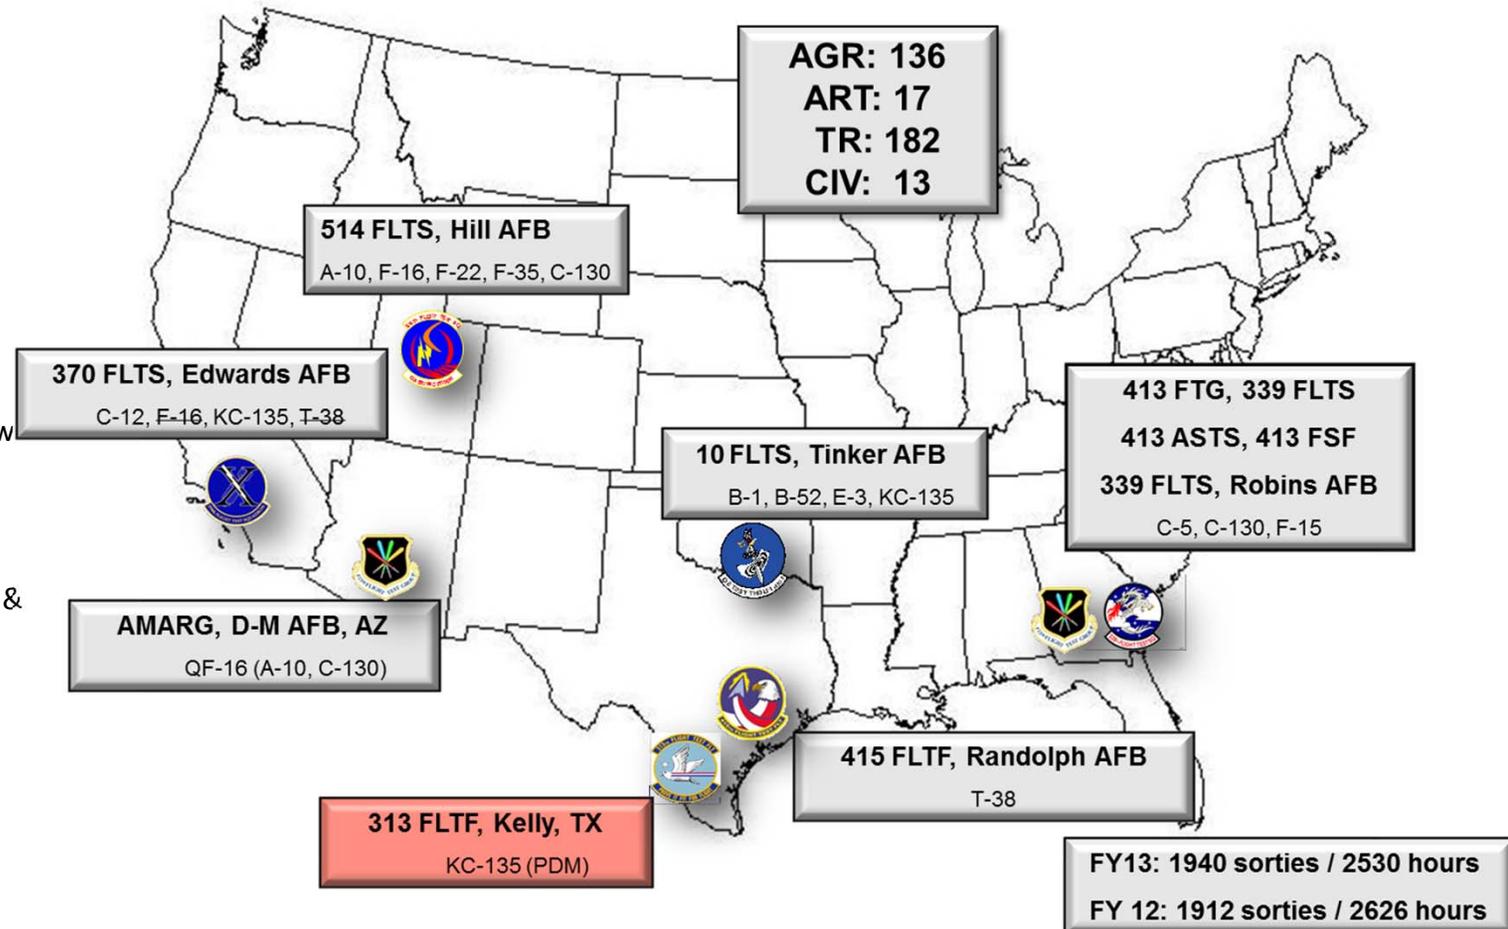

Stationed Locally, Serving Globally

# Mission - 413 FTG

## Flight Test Functional Check Flt Acceptance Check Flt

- FY-14: 1349 Sorties / 1670 Hours
- 763 FCF Sorties / 366 FCF Releases
- FCF / ACF release of first two production B-1 IBS aircraft
- B-52 crew received FY13 AFRC Aircrew of Distinction Award
- Flew first production B-52 CONECT aircraft
- AFMC APE "Outstanding" - 415 FLTF & 514 FLTS
- FCF of first PDM production F-35A
- Indonesian F-16 FMS modification support
- AR Testing and Support for F-35A and F-15SA
- FCF release of first production QF-16
- Two Boom Operators undergoing KC-46A Qual training w/ TBC

Stationed Locally, Serving Globally

# Mission- 340 FTG

## Pilot Training (SUPT) USAFA Airmanship Prog. Basic Military Training

- ~490 Officers and 144 Enlisted execute the mission. ~17% of AETC instructor force
- SUPT (FY13): ~53,000 student training events; ~40,000 sorties
- 125 Full Time
- 300 Part Time
- USAFA Operations (17%)
- Over 3K sorties
- 7 Full Time
- 35 Part Time
- Basic Military Training
- Integrated at all levels - 44 MTI's
- Shaping-35K+ Trainee's / Year

Stationed Locally, Serving Globally

# Mission - 622 CEG

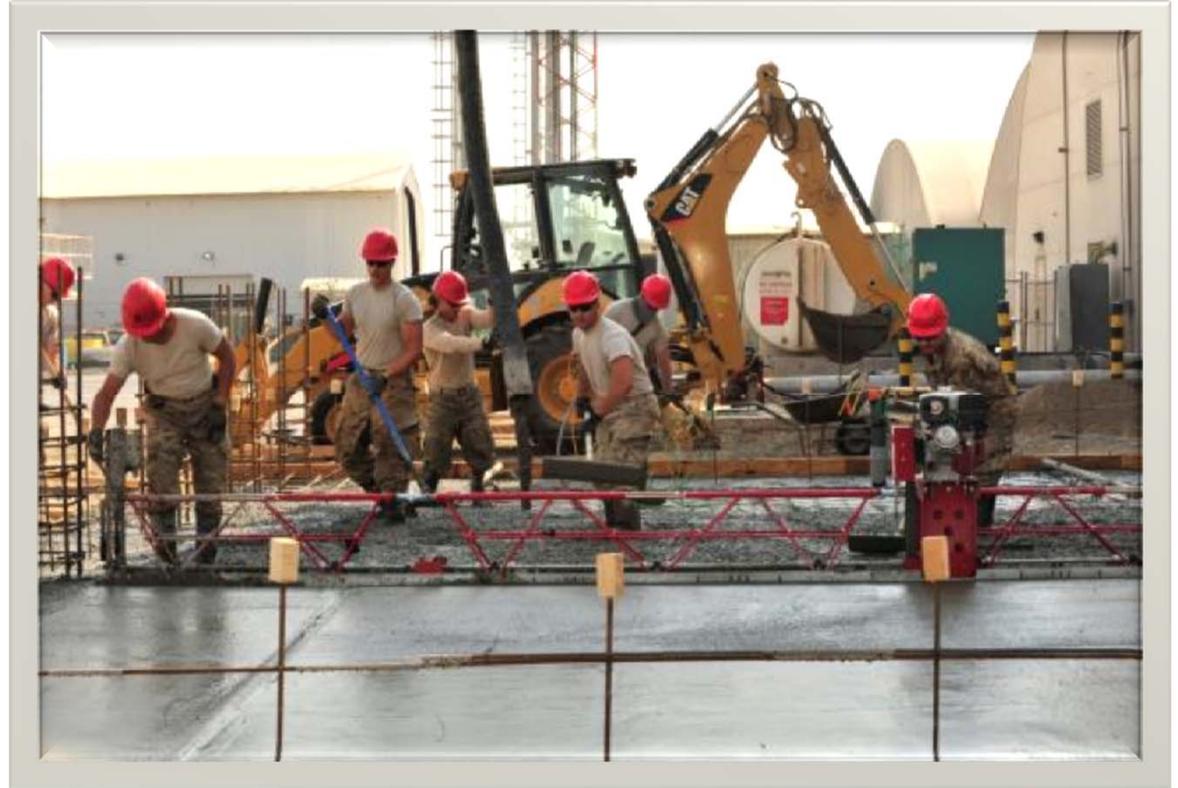

## RED HORSE

## S-Team

## TCC

## FSCT

- Heavy construction and repair of bases and airfields
- Command Staff Augmentation supporting technical design and construction management
- Training and Certification Center (TCC) & Force Support Combat Training (FSCT) Center - Training Active, Reserve, and Guard engineers and combat support personnel
- 1300+ personnel nationwide

Stationed Locally, Serving Globally

# Mission - 610 SFS

## Training SF & other AFSCs Patriot Defender

- Organize, train and equip to meet worldwide contingency and Air Expeditionary Force requirements
- Instruction reviews combat skills, navigation, surveillance, and tactical maneuvers taught through lecture, practice and maneuvers
- Patriot Defender, Active Shooter Response Training, Combat Arms Maintenance, Weapons Training, Tactical Automated Security System, Radio, Telephone Operator, Antiterrorism Officer (ATO) Level II
- Multiple deployments in support of contingencies

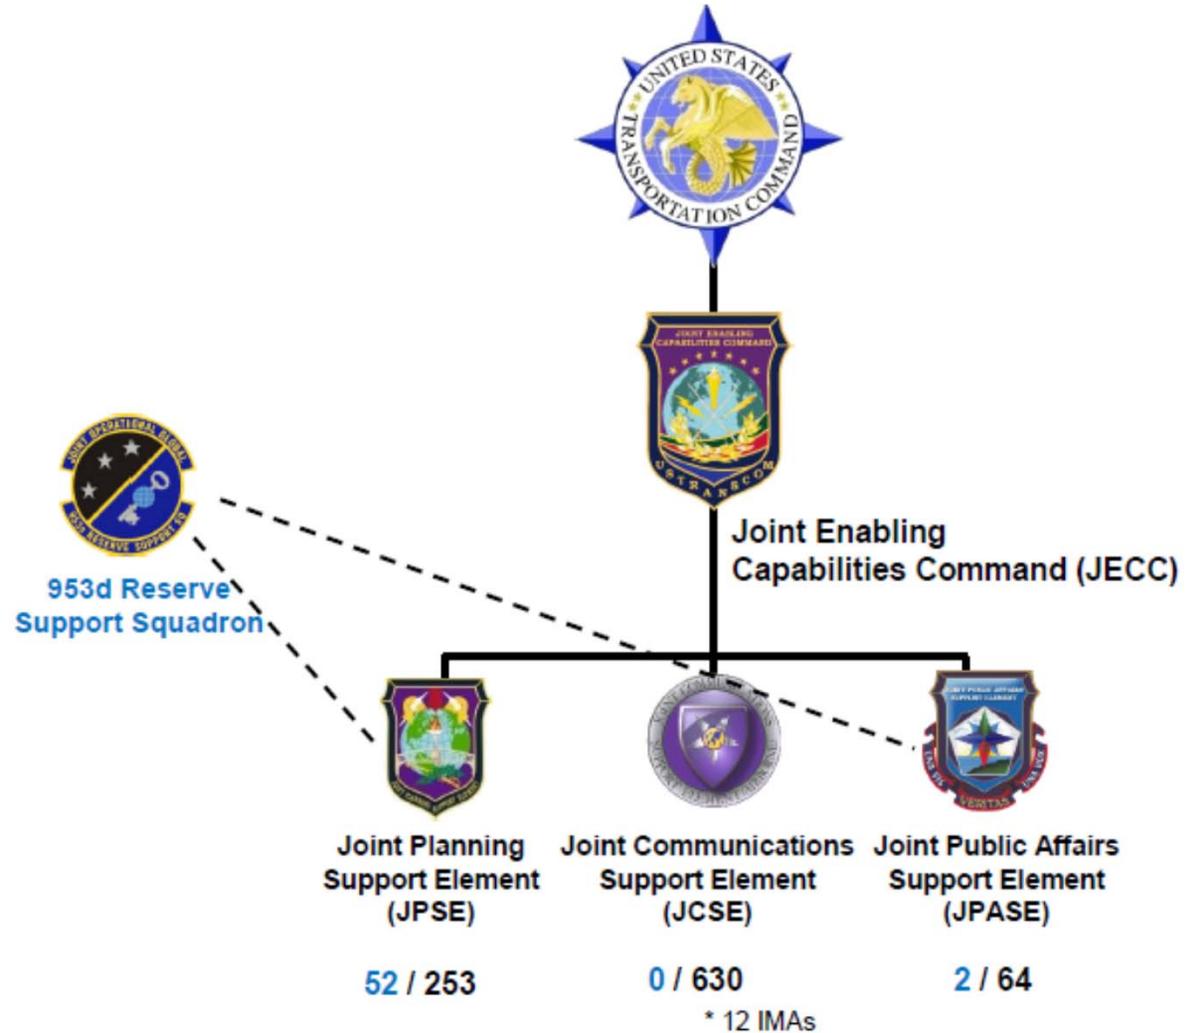

Stationed Locally, Serving Globally

# Mission - 953 RSS

## Joint Enabling Capabilities Command Command JT Staff Element

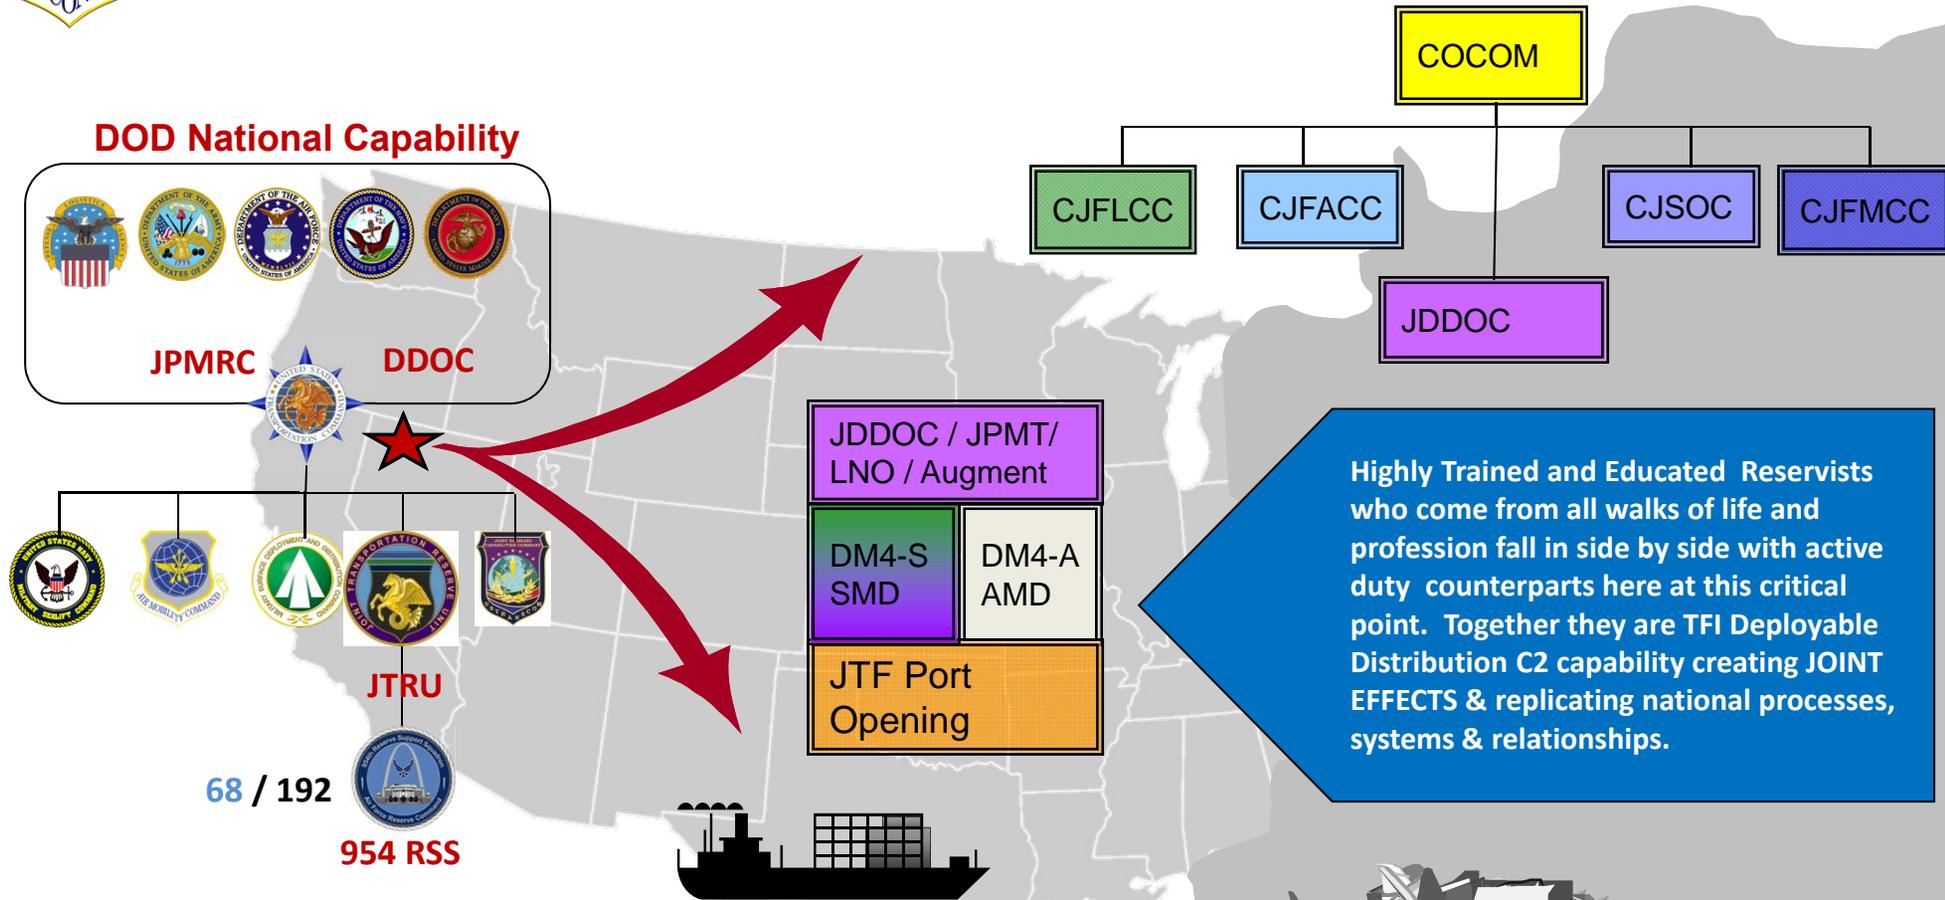

- Augments USTRANSCOM, Joint Enabling Capabilities Command (JECC) Reserve force by providing flexible, employable packages composed of personnel who are experienced in joint operations, understand joint doctrine and are trained in the Joint Operation Planning Process. # Unique Missions

- **Missions/Aircraft unique to 22nd Air Force**
  - Weather Reconnaissance
  - Modular Aerial Spray Systems – MASS
  - Modular Aerial Fire Fighting System – MAFFS
    - (Msn shared with ANG)

# Unique Missions – 403 WG

## Hurricane Hunters

- 53rd Weather Reconnaissance Squadron  
Keesler AFB, MS
- Performs 100% of DOD Weather Reconnaissance commitment
- WC-130Js are equipped with meteorological data-gathering instruments

YTD: 32 - Sorties Flown  
206 - hours flown

Stationed Locally, Serving Globally

# Unique Missions – 910 AW

## Aerial Spray

- Four modified C-130H2 aircraft
- Mission in support of Federal Emergency Management Agency
- Spray for mosquitoes, moths, weed control on bombing ranges, etc.
- Responds to public health emergencies (after hurricanes) and oil spills –Katrina, Deep Water Horizon

YTD: 56 - Sorties Flown  
80 - hours flown  
75k - gallons sprayed  
66k – acres

Stationed Locally, Serving Globally

# Unique Missions – 302 AW

CO

## MAFFS II

- Modular Airborne Firefighting System
- 302nd Airlift Wing  
Peterson AFB, Colo.
- Direct support to U.S. Forest Service
- Carries 3,000 gallons of retardant
- Discharge: 5 seconds
- Reload: 12 minutes
- Contain fire not put it out

FY 13: 213 - Sorties Flown  
188 - hours flown  
503k - gallons retardant  
6.3 million - pounds

## 622nd Civil Engineering Group: Dobbins first in DoD to offer tractor-trailer certification course

DOBBINS AIR RESERVE BASE, Ga. -- For the past 18 months, the Air Force Civil Engineer Center has been working towards reaching the gold standard for training in the truck driving world, Professional Truck Drivers Institute certification.

On January 23, the first class of students graduated with that qualification in a capstone event at Dobbins Air Reserve Base, Georgia as the 622nd Expeditionary Combat Support-Training and Certification Center became the first organization in the Department of Defense to obtain PTDI certification.

"Now professionally trained, commercially certified and licensed Airmen can transition seamlessly into the civilian workforce," said Maj. Gen. Stayce Harris, 22nd Air Force commander. "This is a big step for our Airmen, our AFRC for being the first to achieve this milestone."
